<p> Trevor Bezzina</p> <p></p>  <p>Joined: 05/01/2011 Posts: 643</p>	<p>Sharklab Malta </p> <p>Last Sunday during my visit to the National Aquarium I had the pleasure to meet some of the guys of Sharklab Malta. Greg Nowell, One of the founders shares his knowledge with incredible passion and I could immediately tell that this is a vocation for him and perhaps a very clear mission. An ongoing presentation was going on during the whole day as well as two stands full of exhibits varying from different small sharks to bones, jaws and mega huge Megalodon Teeth. All exhibits are collected without harming live specimens, which perhaps says it all on how serious and professional these people are.</p> <p>That's it ??? na.. You know I am always on the hunt for interesting presentations for you members and this will obviously be one of them for this year. While you wait visit their site and Facebook and prepare you questions because SharkLab-Malta will be with MAS soon. If you get a chance visit them at the Malta National Aquarium, they are regulars there and for sure you will find their exhibits and knowledge very interesting.</p> <p>Shark Lab website</p> <p>SharkLab Facebook Page</p> <p>Regards Trevor</p>
