## SHARK RELEASE II

On Saturday 14th June Sharklab-Malta and the Malta National Aquarium would like to invite you to the second release of Sharks through the Oviparous Species Recovery and Release Program. In total 7 Nursehound (*Scyliorhinus stellaris*) pups will be set free.....back into the waters around Malta...

The Release will take place at South Quay, Nr Cirkewwa from 9.00 am where there will be the opportunity to see the pups and wish them well before the release.

I will be great to see as many supporters of this program and the joint work of Sharklab-Malta and the Malta National Aquarium as possible.

The Nursehound shark is a small deep water species which after release will seek the safety of deeper waters finally back to the waters where they belong.

It will be sad to see them go, but it will also be a happy occasion.. These pups would have faced certain destruction had it not been for the enthusiasm and dedication of Sharklab-Malta members with the support of the Malta National Aquarium..

Through this program together we are making a difference..

We look forward to seeing you on the day,

[www.sharklab-malta.org](http://www.sharklab-malta.org) (<http://www.sharklab-malta.org>)

[www.aqaurium.com.mt](http://www.aqaurium.com.mt) (<http://www.aqaurium.com.mt>)

There will be an awareness activity held by Sharklab Malta at the Malta National Aquarium on Sunday 8th June should you have any questions about the release of these sharks or would simply like to know how to get more involved : )
